M: Good evening. I'm Simon Peterson, the manager of King Yoga Center. Thank you for your patience during the renovation of our facilities including the shower area and lounge. For the next month, the parking lot for this building will be closed. Once construction is complete, there will be enough parking spaces to accommodate 100 cars. For more information about the upcoming parking lot construction, please visit our homepage or refer to the notice on the bulletin board. We apologize for the inconvenience. 5. 다음을 듣고, 여자가 하는 말의 주제로 가장 적절한 것을 고르시오.

W: Nowadays more and more people are taking up the hobby of fishing on a boat. They spend lots of time and money choosing a fancy rod, but they often overlook safety. Before you go out fishing, you need to check if safety equipment is on the boat. First, every boat should be equipped with the required lighting to avoid collisions. Another necessity is a proper fire extinguisher. If your boat catches fire, putting the fire out is your first priority because abandoning the boat puts you in great danger. But if you do have to wait for a rescue boat, you'll need a horn or whistle so you can easily be found. Last but not least, for a fun and safe time fishing on a boat, make sure there are properly fitting life jackets for everyone on the boat.

W: The dust! You should clean the inside of your computer regularly.

W: Dust gets into the computer and sticks to the fan, and this blocks the air flow.

M: Oh, that's why I need to clean the dust out of my computer on a regular basis.

W: Right. Without cleaning, dust in the computer can lead to component failure.

M: Okay. I'll start cleaning out the dust right now.

W: Let me know if you need any help.

W: Oh, that can't be true! I think toy guns are bad for kids.

M: Why do you think so?

W: Because they can lead to violent behavior.

M: You may think that. But according to the article, playing with toy guns helps kids reduce their anger.

W: Well, I think they only teach kids about war and violence.

M: Maybe. But that's not what the article says.

W: Yes. The residents' meeting is this Wednesday.

M: Well, they all looked the same to me.

W: Oh, I see. If you want to appreciate artworks, it's important to know their theme.

M: That makes sense.

W: And it's good if you look up some personal information about the artists like their family background and religion.

M: I see. Would it also be helpful if I knew the historical context of the artworks?

W: Absolutely. And don't forget to do a little research on what the experts' opinions about the artworks are.

For the last 10 years, we have been volunteering in the community. A week ago, we were asked by the city council to paint pictures on some of the factory walls. However, we don't have enough club members to do the job at the moment. We need more students to join the club. We're looking for new members who are majoring in art and are enthusiastic about improving the environment of our city. If that sounds like you, please give us a call. Our phone number is posted on our website. Please call soon.

16. sausage tree에 관한 다음 내용을 듣고, 일치하지 않는 것을 고르시오.

W: Today I'll introduce you to the sausage tree, which is found in tropical regions of Africa. The tree is evergreen where it rains throughout the year. In many parts of Africa, the sausage tree is grown as an ornamental tree. It has red flowers that bloom at sunset. They are pollinated by bats at night, and if pollinated, the flowers drop off the next morning. Huge fruits start to grow in their place. The fruits can damage vehicles and harm people passing by when they fall down. As the name suggests, the fruits resemble sausages, but they are not edible. Local people use the fruit to keep evil spirits away and to cure skin problems.

17. 다음 표를 보면서 대화를 듣고, 두 사람이 선택한 제품을 고르시오.

M: Hmm. How about buying a new coffee maker for the office? Ours is too old and often doesn't work.

W: Do you have a particular model in mind?

M: Well, I'd like one with a built-in grinder so that our coffee tastes fresh.

W: But we already have a grinder.

M: Oh, right. Then let's choose one without a grinder, but with a warmer.

W: Sounds good.

M: Then which do you prefer, one with 12 cups or 8 cups?

W: I think one with 12 cups is better since we have so many people in the office.

M: You're right. And there's a \$5 difference.

W: Needless to say, I prefer the cheaper one. How about you?

M: I feel the same way, too. Then we only have one option.

W: Okay. Let's buy it.

18. 대화를 듣고, 여자의 마지막 말에 대한 남자의 응답으로 가장 적절한 것을 고르시오.

M: This is your first time taking the test, isn't it?

W: No, it's my second. I failed the test the first time.

M: A lot of people don't pass the first time. You were probably just nervous.

19. 대화를 듣고, 남자의 마지막 말에 대한 여자의 응답으로 가장 적절한 것을 고르시오.

W: Dad, I'm so stressed out!

M: What's the problem?

W: I have a big history project due next week, and I don't know how I will ever finish all the work.

M: Why don't you do what I do when I have a lot of gardening to do?

W: What do you mean by that?

M: As you know, our garden is really large, so taking care of it all takes a long time.

W: Yeah, but you never do it all at once.

M: That's my point. I just garden 20 minutes each day.

W: Oh, so you break up the work into smaller tasks.

M: Exactly! I use the "divide and conquer" method.

W: Oh, I get it. So that way, gardening isn't so stressful for you.

M: Right. And you can use the "divide and conquer" method to get your history project done, too.

W: _____

20. 다음 상황 설명을 듣고, Paul이 Jennifer에게 할 말로 가장 적절한 것을 고르시오.

Now Paul calls Jennifer, who's back in her office, to ask her to send him the document by fax because he needs it in an hour. In this situation, what would Paul most likely say to Jennifer?

21번부터 22번까지는 두 번 들려줍니다.

[21~22] 다음을 듣고, 물음에 답하십시오.

M: Life is full of repetition, and if you look around in nature, it's easy to see how animals are influenced by the repeated changes of day and night and the tides as well. Today I'm going to talk about how animals keep pace with natural repetition by modifying their actions. For example, the impact of day and night can be found in animals' feeding behavior. Because they wake at different times, animals can live without competing for food. I'm sure you've seen both butterflies and moths feed on flowers, but butterflies come out during the day, while most moths are active after dark. When it comes to tidal rhythms influencing animals, birds are a good example. When the tide is low, some birds walk along the water's edge and grab small animals. At high tide, they stop feeding and rest. Tides also impact the breeding of fish that use extra-large spring tides to breed. When the spring tide is at its height, they mate and lay their eggs on beaches. Then during the following spring tide the eggs hatch, and the young fish are swept out to sea.
